MASSEY FERGUSON

# THE VOICE OF FARMERS. THE ROAR OF MASSEY FERGUSON.

The Massey Ferguson® 8S Series tractors started with a blank slate and customer input. With feedback from farmers like you, Massey Ferguson raised the bar. When you have the Massey Ferguson 8S Series on your farm, the work just gets done, no questions asked.

BORN TO **FARM**

Check out the MF 8S Series today at  
[www.masseyferguson.us](http://www.masseyferguson.us),  
or visit your Massey Ferguson dealer.

**Your Ideal  
Soil Profile  
Starts Here.**

The Great Plains  
Terra-Max®  
offers in-field  
versatility to  
match your soil's  
diverse needs.

Engineered to level soil,  
eliminate ruts, size and  
bury residue, and control  
chemical-resistant weeds,  
this variable-intensity,  
hybrid tillage tool is  
your soil management  
solution for all seasons.

The new look of metal roofing and sidewall  
residential | agricultural | commercial

**Pro-Panel II®**

**Classic Rib®**

### The Metal Sales Advantage

Metal Sales continues to lead the industry with time-tested quality products dedicated to the residential, agricultural and commercial customer. From Pro-Panel II®, a long standing traditional exposed direct fasten roof and wall panel, to Classic Rib®, an exposed direct fasten roof and wall panel offering a variety of finish options and up to a 45 year warranty.

The advantages of metal roofing and siding are many. Faster installation, a building product that won't warp, split, crack or curl that is impervious to mold, rot, termites and pests. A wide variety of gauges, profiles, and colors offer design possibilities that are ever increasing.

Please let us show you how you too can benefit from...

**GLEANER®**

# BETTER HARVESTS

THAT'S GLEANER  
TO A **T**

## GLEANER T SERIES COMBINES

Achieve the harvest results you've been dreaming of with the Gleaner® T Series combine. Precision-engineered to a T for unmatched performance, functionality and reliability. This machine works as hard as you do, while staying light weight to save fuel and protect your soil from compaction. It's gentle on your grain, too, with the Natural Flow processor that minimizes grain damage and keeps your bin free of fine and foreign material.
